The Boom BYOD Small Room Kit is the perfect solution for huddle rooms, focus rooms, and small conference spaces. This kit features the Boom MEZZO Ultra HD 4K Wide-Angle Camera, GIRO Pro HD USB/Bluetooth Speakerphone, and Boom ZYGO BYOD Hub. With a simple one-cable connection, it seamlessly integrates video, audio, and screen sharing into any device. The 4K wide-angle camera with auto-framing ensures everyone is clearly visible, while the versatile speakerphone provides exceptional audio quality. Designed for ease of use, this kit makes video conferencing plug-and-play, ensuring professional and efficient meetings.

Crystal-clear video

The Boom MEZZO Ultra HD 4K camera provides an expansive 120° field of view, ensuring that all participants are in the frame. Auto-framing automatically adjusts to focus on speakers, delivering a flawless visual experience in any room size.

Superior audio

The GIRO Pro HD USB/Bluetooth Speakerphone combines high-quality sound with full-duplex audio capabilities. With built-in noise cancellation, it ensures clear communication, while Bluetooth 5.0 provides wireless connectivity for ultimate convenience.

Complete connectivity

The Boom ZYGO BYOD Hub simplifies your setup with a single USB 3.0 connection, enabling compatibility with all your favorite video conferencing platforms such as Zoom, Teams, Webex, and Google Meet. No complicated installations required.

Plug & Play. Always.

The Boom BYOD Small Room Kit ensures a smooth, user-friendly setup for all users, providing everything you need for high-quality video and audio conferencing in small meeting spaces.

Boom BYOD Small Room Kit

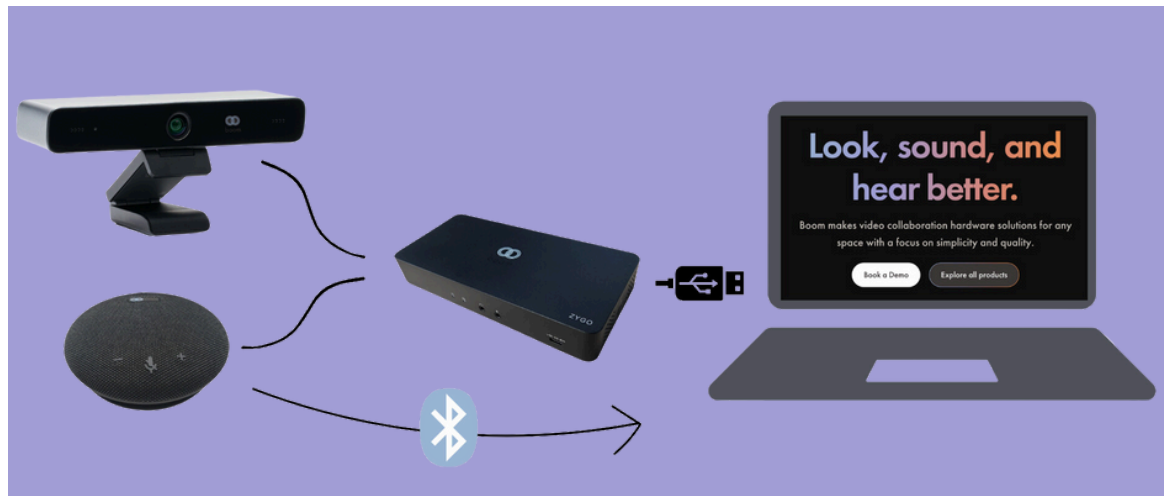

Designed for huddle rooms, focus rooms, and small conference spaces.
